

The BT Benevolent Fund (BTBF)

Your Fund

- The BT Benevolent Fund exists to help current and former employees, or their dependents, who are experiencing financial hardship.
- The Fund assists current employees experiencing hardship due to illness, relationship breakdown, family problems etc.
- Every year the Fund spends a significant amount helping people via one-off grants and weekly payments.
- There is a clear and rising need for what the Fund does, and that situation isn't expected to change in the years ahead.
- The work of the Fund is only made possible by the generosity of current and former BT people.
- Please help support the work of the Fund.
